

## **SCHEDULE B: UNDERGRADUATE AND POSTGRADUATE – MINIMUM ENTRY REQUIREMENTS FOR DEAKIN COURSES**

*Approved by Academic Board on 10 April 2018. This schedule is pursuant to the Admission Criteria and Selection (Higher Education Courses) procedure.*

- **Section A:** sets out minimum entry requirements for UNDERGRADUATE courses.
- **Section B:** sets out minimum entry requirements for POSTGRADUATE coursework programs.

### NOTES:

1. Standard and course-specific minimum entry requirements are set for undergraduate courses and postgraduate coursework programs. Course-specific variations to the standard requirements require a strong rationale based on:
  - a. prescriptive professional accreditation requirements
  - b. academic considerations, including specific skills needed to participate in the course or where a course is specifically designed for students from a particular background
  - c. strategic considerations, including attraction or enablement of particular student groups or alignment with particular industry needs.
2. Meeting the minimum requirements does not guarantee that an applicant will be offered a place in a course (refer clause 7).
3. Formal qualifications or work and/or life experience listed as a basis for admission should have been attained no more than 10 years before application unless otherwise specified in Table A2 or Table B2 (refer clause 8 and 9).
4. Formal qualifications with equivalent learning outcomes and equivalent standards of achievement (where specified) to those listed will also be accepted as a basis for admission (refer clause 9)
5. Faculty Boards may specify:
  - a. the nature of work and/or life experience that will be considered as evidence of ability to meet the demands of the course
  - b. discipline areas that are related to the discipline of a course.
6. Standard and course specific minimum entry requirements must always be read in conjunction with English language requirements in Schedule A.

*(References are to clauses of Admission Criteria and Selection (Higher Education Courses) procedure)*
