

## Schedule A: Outcomes for student breach of academic integrity

This schedule is pursuant to the *Student Academic Integrity procedure* and is effective for study periods commencing on or after 4 March 2019.

The Academic Integrity Committee or single member will determine the outcome for the misconduct by:

- Calculating the points for the conduct of the student.
- Calculating the points for the context of the misconduct (from each section of the table).
- Adding the points together from the conduct and context.
- Deciding the appropriate penalty based on these factors, which the Committee may mitigate if there are compassionate or compelling circumstances.

Example of calculation:
