Integrity Framework – Key Processes

Govern

Audit and Risk Committee (ARC)
Oversight

The ARC will receive a consolidated Integrity Report annually outlining the progress made on Deakin's Integrity framework. This will include significant cases, trends, and an assessment of both the risk and the control environment. The ARC also receive an annual report on Academic fraud from the Deputy Vice-Chancellor (DVC) Education. The ARC also receive an annual report from Internal Audit concluding on the adequacy of Deakin's Internal control framework

Respond

Executive Reporting
and Oversight

Investigations

- Academic Board, DVC Research, Chief Financial Officer and Chief Operating Officer (Executive Director, Human Resources) provide oversight of integrity related issues in their respective areas and provide a report to the ARC 6 monthly including significant cases, trends and an assessment of both the risk and the control environment
- The ARC, Vice-Chancellor, DVC Research, Academic Board, Chief Financial Officer or Executive Director, Human Resources have vested powers to request investigations
- These may be resourced either internally by Internal Audit, or externally as appropriate
- Investigation procedures and checklists are to be used

Detect

Detection /
Monitoring

Exception
Reporting

Record Keeping

- The Academic Board, DVC Research, Chief Financial Officer and Chief Operating Officer (Executive Director, Human Resources) will have appropriate fraud and corruption detection mechanisms in place
- Internal Audit will consider potential fraud / corruption risks and controls on each Audit and the use of Analytics
- Risk and Compliance will submit a consolidated Risk Assessment and Control Report every 6 months to the CFO
- All detective activities are to be followed up, conclusions drawn and records kept
- All investigations are to be documented and appropriate records kept

Integrity Framework – Key Processes
